

## TASZ ENGLISH subtitles

### 35MM\_TILLYHENI\_30SEC

As soon as my little son was born,  
they took him away from me immediately.  
For two long days,  
despite all my efforts,  
I could barely see him.  
But TASZ stood by me.  
We took the case to court.  
So that this trauma couldn't happen  
to anyone else.  
Thank you for giving me a voice.

I responded to tear gas  
with whipped cream at a student protest.  
Now they treat me like a criminal.  
I just stood up for my own and my peers' future,  
and for a better education.  
But TASZ stood by me,  
and now we're fighting together  
so that young people cannot be deterred from protesting.  
Thank you for giving me a voice.

### 35MM\_ADAMZOLTAN\_30SEC

As a lecturer at Corvinus University,  
I initiated ethical investigations  
against university leadership,  
when they gave preferential treatment  
to a student from an influential family  
during exams.  
A few months later  
I was fired from my job.  
It seems equal exam conditions  
mattered less than family connections.  
Now we're fighting together with TASZ  
for justice in court.

Without consulting us,  
they're building a battery factory next door,  
poisoning my children's future.  
As a mother, I won't stand for this.  
I'm fighting tooth and nail against it

alongside my fellow neighbors.  
TASZ stood by us, and together we're standing up  
for our right to have a say in decisions  
affecting our environment.  
Thank you for giving us a voice.
